DIRECTOR'S WELCOME

TO THE 2023 NEWSTEAD LIVE MUSIC FESTIVAL

Is it real? Is this Newstead Live 2023? If you're reading this, Yes, we're back!!!

Like so many other festivals, we've been in a holding pattern for two years. In 2022, we almost landed, being forced to cancel 16 days out from the start. It was heartbreaking to get on the phone to all our treasured performers and give them the news.

But it came with a promise they would stay on the bill for 2023, hence the tag "Here is one we prepared earlier". Having said that, there was still a lot of work, but it is a labor gladly undertaken. So, here we are.

On the plus side, we couldn't book our Troubadour Foundation winners of 2020 for the cancelled festival because they were both interstate acts - but now they will be here! Welcome back to We Mavericks and poet Kate Wilson. Both were festival debut acts in 2020 and captivated the audience. We look forward to having them back, so if you missed them first time around, make sure they are on your dance card this time.

A new addition to the festival this year will be the Festival Parade, featuring the Kyneton Street Band, Zamponistas (try keeping them out of a parade!)

and a bunch of local kids showing off their crafty creations and adding their rhythm sticks to the parade music. Follow them from the primary school to the Festival Village in time for Sunday's Pool Party.

I don't have to tell you how good it will be to see some of our favourites back again - isn't that why you've come? Oh, and some new faces to look out for, of course. Will this year's Troubadour Foundation award come from the old or the new?

The Live'n'Local stage faced COVID challenges, and has been short-staffed, but it is back in the Festival Village, featuring the studio recording award donated by Sound Recordings of Campbells Creek.

The Live 'n' Local stage is usually managed by a team of school students but because of COVID, it was difficult to recruit new students. The original students, now at university, have managed it this year but we are looking for interested high school students to add to the team next year.

The Festival Village is where you will find food vans and market stalls, as well as the swimming pool, Lilliput and the free Live'n'Local stage.

Welcome to Newstead Live Music Festival 2023!

VENUES

Troubadour Live Music Venue & Bar

Andrew Pattison's Troubadour was a much loved acoustic music venue in Melbourne in the late 70s and early 80s. In homage to him, the nature of The Troubadour as a music venue remains fundamentally unchanged. Food & alcohol are supplied by the Newstead Football Netball Club, including wine from Andrew's Burke & Wills label.

The Newstead Community Centre

Festival Reception is in the foyer. The main hall is one of the prime venues of the festival. The Community Centre Café operates in the old section, featuring Klua Sathorn Thai food, and a beer and wine bar run by Shedshaker. The hall and the café are both air-conditioned.

Lilliput

This is the kindergarten. It features children's shows in the mornings, and is a popular spot for more intimate performances in the afternoons.

The Anglican Church

Located across the street from The Troubadour, immerse yourself in the delightful acoustic sound in this tiny country church.

The Enviroshop

This space is the refurbished workshop of an old service station. In keeping with its history, here you will find music workshops and perhaps themed events.

Shedshaker Stage & Bar

Shedshaker Brewery of Castlemaine bring their portable bar to Newstead Park, next to The Men's Shed. The Shedshaker stage will largely be a blackboard concert venue, but will feature some acts from the main line-up. This will be a session bar in the evening. Serving Shedshaker boutique beers. Wines include a selection from the Burke & Wills Winery. Bar open until 1am.

Live'n'Local Stage

An outdoor venue/stage which celebrates all types of music featuring local artists. The stage operates on Saturday and Sunday and is located in the Festival Village in Panmure Street. Musical styles may vary widely from that of the mainstream festival.

USEFUL INFO

SMALL IS BEAUTIFUL

Newstead Live takes place each year on the weekend before school goes back in January. It features The Troubadour live music venue, concerts, sessions, blackboard spots, workshops, Australia's original trad disco, and a pool party. There is good food, camping, spacious setting & no sound spill between venues. Adding to the intimate feel is The Festival Village, featuring the Live'n'Local outdoor stage, food vans and market stalls.

THE RACECOURSE RESERVE CAMPING

This is a little way out of town. There are shower and toilet facilities. There is no electricity. Cost is \$10 per night per couple, then \$5 for each additional adult. There is a shuttle bus that runs between the campground and the venues in the township. Pay on entry to the reserve. NOTE: YOU WILL NEED CASH FOR THIS!

NO FIRES

Please don't light fires on the camping grounds or elsewhere, because (1) we are in a Fire Restriction period, (2) we would never be allowed to stage the festival again.

ACCESSIBILITY INFORMATION

The Newstead Community Centre, The Troubadour and Lilliput are accessible venues, including disabled toilets. Enviroshop is accessible. The Crown Hotel, the Country Store and the Bakery/ Supermarket all have portable ramps available. Dig Café has a ramp at the side entrance.

If you are confronted by a step at any venue, ask someone to track down the portable ramp.

NEWSTEAD & DISTRICT COMMUNITY BUS

This runs as a shuttle service between the Racecourse Reserve and festival venues. Cost is a gold coin donation per trip, or buy a weekend pass from Reception for \$5.

NO BYO IN THE VENUES

Please don't BYO drinks and food in to the festival venues. The Troubadour, Shedshaker Stage & Bar and The Community Centre have alcoholic and non-alcoholic drinks available, and there is plenty of food available in or near venues. The sale of these items is an important part of revenue for the suppliers, which include the Newstead Football Netball Club, The Men's Shed, and local businesses. Of course, you can BYO in the camping areas, but the township will be pleased if we attract a happy, peaceful and well-behaved crowd who don't walk the streets drinking and carousing! So do consider the local amenity, and the future of this event.

WATER

There are two water stations where you can refill your water bottles. One is outside the Community Centre and the other is at the entrance to The Troubadour.

IN CASE OF EMERGENCY

WELCOME TO LIVE'N'LOCAL 2023

Live and Local is back again after a couple' years! This year we've curated a wide variety of diverse local acts, ranging from indie rock to singer songwriter. It's going to be a great time!! You can expect to be welcomed and feel instantly at home if you come to enjoy a set at Live 'n' Local, nestled in the Festival Village, across the road from the Newstead pool. With food trucks and market stalls nearby, it's your one stop shop or stage.

The music you'll find emanating from the stage is sure to push the boundaries of the traditional sounds of Newstead Live - in the best way possible. At Live 'n' Local, dark folk meets upbeat synth-pop, via everything in between. It all comes together as an unmissable flow of sounds and styles, celebrating the wonderful music of our local communities.

Live 'n' Local aims to give opportunities to emerging young local talent and pair them with more experienced local acts to enrich everyone's experience engaging with the music. We want to show off what the community in and around Newstead has to offer, and promote the fantastic live music scene in the area.

The Live'n'Local stage is curated and managed by a small team who started out as high school students but are now at university. We are looking to add younger folk to the team, so if you are around 15 years old and would like mentoring in event management, please get in touch!

We also aim to give younger folk opportunities in non-musical roles like MC's, stage crew and stage management, because often these are some of the hardest areas to get a start in. If you're keen to get involved for the next festival, get in touch!!

Tino D'Onghia
- PROGRAM DIRECTOR,
LIVE'N'LOCAL

AND ALSO AT LIVE'N'LOCAL

A group of Newstead's younger musicians will be adding more joy to the village atmosphere of the Live 'n' Local Stage in Panmure street during Newstead Live. Piano students from Newstead Primary School will be performing between bands at the Live 'n' Local stage venue. Students from grade prep to grade 6 will be demonstrating their skills and sharing their music throughout the day on Saturday January 21st.

NEWSTEAD LIVE STUDIO AWARD

SPONSORED BY SOUND RECORDINGS

Newstead Live Studio Award is again being offered, sponsored by Sound Recordings of Campbells Creek. This competition is aimed at young local acts that wouldn't usually get the opportunity to record at a professional studio and gain valuable experience.

Three finalists will play a set on the Live 'n' Local stage on Sunday and a winner will be chosen from these acts. The winner of the competition will receive a full day's recording at Sound Recordings studio.

Folk pop band Grove won the 2020 Award and have an album incoming this year.

ART INSTALLATION

Regular attendees at Newstead Live may wonder what is going on at the corner near the IGA. It is an as yet unfinished interpretive installation.

The rock is representative of the abundance of sandstone in the district; the paving represents the Loddon River.

The blank discs will be replaced (or may have been replaced by the time you read this) with discs etched and colored with artworks representing five aspects of Newstead: First Nations, Township, Community, Environment, and Art & Culture.

There will be a web site detailing the stories evoked by these artworks.

The funding was provided by Regional Development Victoria as part of the streetscaping project which has seen Panmure Street much improved in the section which is the Festival Village during Newstead Live.

The concept was developed by me in consultation with various community members. The overall design was created by a group of local artists, one for each disc, and one for the paving design.

When I get time after the festival, I will be posting the stories on www.newstead3462stories.com.
